

MARWIN PAUL E. OLIVAR

IT & Sales Associate

About Me

To leverage my skills and expertise in the IT field by delivering efficient and reliable solutions with diligence, integrity, and professionalism. I aim to continuously enhance my knowledge and experience while contributing to the success of the organization through innovation and technical proficiency.

Experience

On-the-Job Trainee - eManagement for Business and Marketing Services Feb 2024 - May 2024

During my OJT, I provided IT support for the company's clients in cloud hosting, assisting with system setup and maintenance. I also experienced handling a ransomware attack, where the cloud server files were locked, giving me firsthand experience in cybersecurity challenges and incident response.

IT & Sales Associate at eManagement for Business and Marketing Services August 2024

Experienced in providing technical support, software solutions, and sales strategies to drive business growth. Skilled in web development (HTML, CSS, JavaScript) and client management, ensuring seamless integration of technology and customer needs. Adept at identifying customer requirements, presenting tailored solutions, and delivering excellent after-sales support.
